

Required information for selection of the air blower COOLTECH

1. Air flow (suction / discharge) _____ m³/h
2. Suction pressure:
 Atmospheric
 Other _____ bar (g)
3. Discharge pressure _____ bar (g)
4. Suction temperature _____ °C
5. Soundproof casing
 Yes
 No
6. Placing
 Outside
 In room
7. Explosion-proof design
 Yes
 No
8. Do you need a power board?
 Yes
 No
9. Drive voltage (if clause 8 is "yes"), kV
 0,4
 6
 10
10. Electric motor starting method (0.4 kV)
 Direct start
 Frequency regulation
 Soft starter
 Star-delta
11. Other requirements _____

The questionnaire was filled by:

Company: _____
Name: _____
Position: _____
Address: _____
E-mail: _____
Phone number: _____
